So, who are we?

Connoisseur Underwriting and its parent company Anthony Wakefield and Co., Ltd. are a family owned, boutique Insurer and Insurance Brokers respectively, dedicated to the needs of its clients.

XL Catlin are among the most prestigious Insurers in selected areas of Insurance and are able to offer you specialised Insurance from a knowledgeable and understanding point of view.

Together, we can offer specialist cover to customers throughout the UK and Ireland in pound Sterling, Euros and US Dollar denominations, as well as covering overseas property.

Our cover:

Our policies are written in Plain English, warranty free and are as simple and straightforward as we can make them.

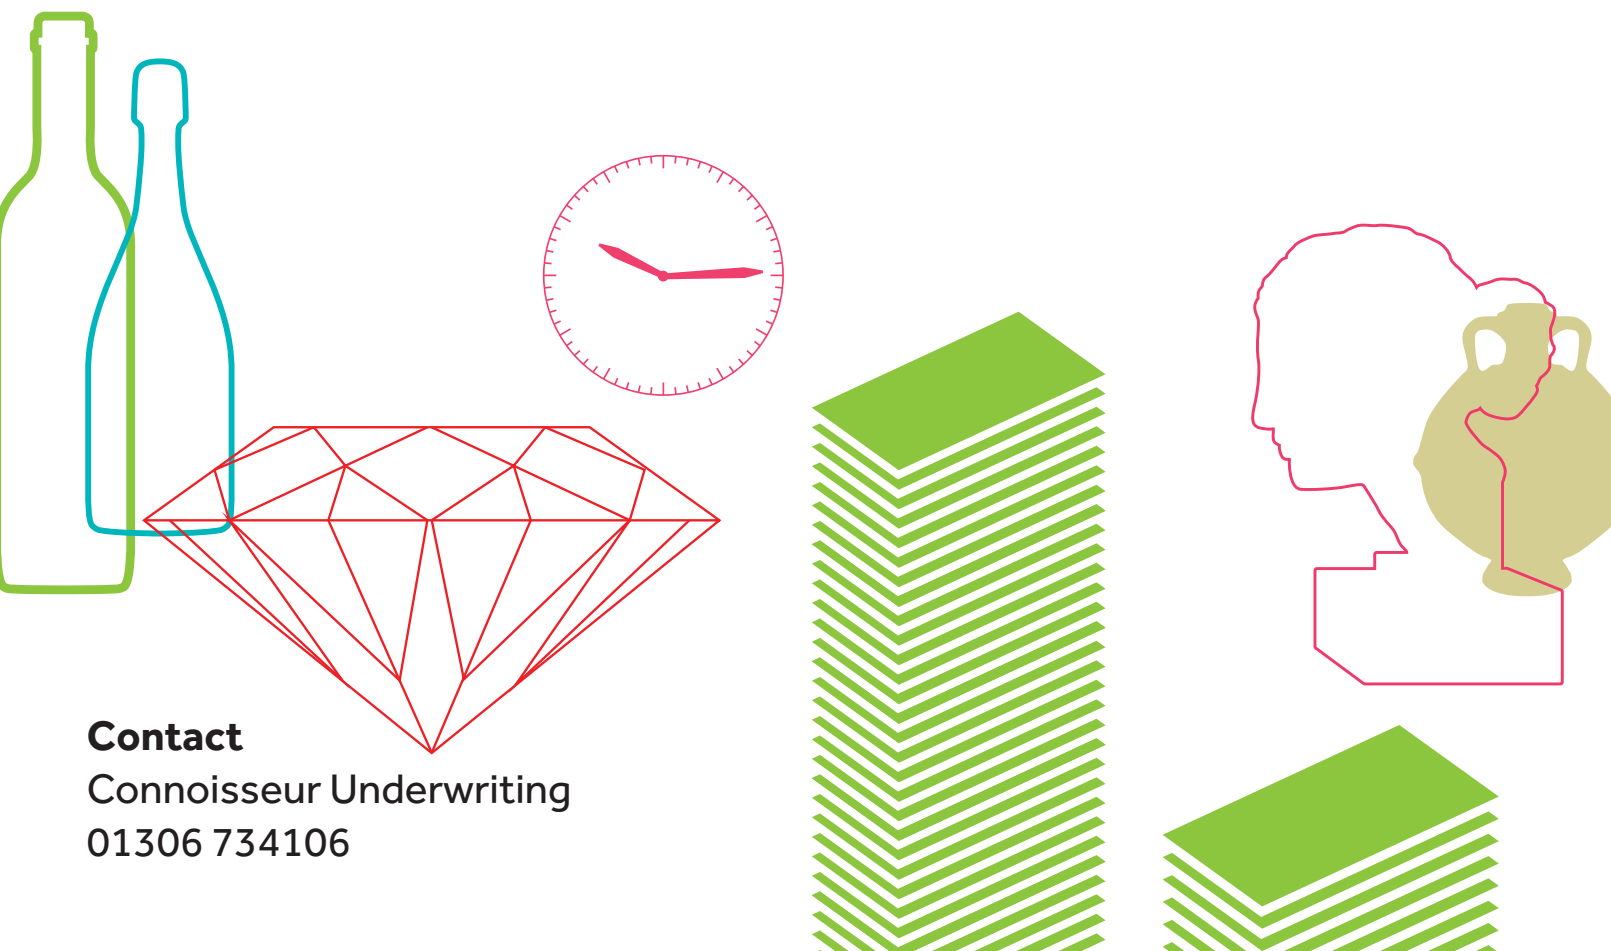

At the same time, they provide you with the cover you need and are mercifully free of inappropriate 'add-ons'

Value:

We believe strongly in value for money and continuity.

Many of our valued clients have been with us for decades and are paying exactly the same rates as when they first came to us. As a private or business claim free client, you need to be able to budget ahead with confidence.
